Delicate Dishes.

If you get your money's worth you get your money back. We do not sell goods that are not worth the money. We buy right. That's the first thing. You buy right when you buy from us.

Lots of good things to eat on the Routenbeck, and they came to us. From us they go to you at the lowest prices you ever heard of. Copeland's English Peas are a delicacy not often found in this market. We have a stock of them, and they have proven to be the finest ever sold in Honolulu.

English packers also put up another delicacy for the table: Cod's Roe. These fried in cracker or bread crumbs cannot be detected from the fresh article and they make a delicious entree. The price of the goods is nothing compared with the quality.
